# PROFITABILITY WINNERS

## SHORTHORNS . . . THE SUPERIOR BREED

With the future pointing to more grass fed beef, Shorthorns and Polled Shorthorns stand in their greatest position in history. NO BREED CAN PUT ON MORE QUALITY POUNDS ON ROUGHAGE THAN OUR BREED. Consequently, all progressive commercial beef producers will be looking to Shorthorns for that extra grade they give on low cost feeds.

In recent years we have seen a trend to bigger cattle. Now, these cattle need the help of Shorthorn blood to improve fertility, ease of calving, extra milk (and accompanying heavier weaning weights), finishing qualities and grading merit.

REGARDLESS OF THE BREED OF YOUR COW HERD, SHORTHORNS AND POLLED SHORTHORNS CAN MAKE THEM MORE PROFITABLE. TRY THE PROFIT CROSS.

**WHITE BANK LEA JESSIE 2nd** — A dark red female that was purchased in the Ernmores Dispersion in Canada. This straight Canadian bred female has been placed in the sale because of the need for cattle. A heavily-muscled cow, she has an extremely good udder and has done a real good job in raising calves. As an added attraction, she was bred to Hillview Hobo, the sire of the \$20,000 Canadian Image, on April 25. The calf that she is carrying is a half-brother or half-sister to Image. There are few females ever to sell that are bred this way. She is pregnancy examined, safe in calf, and from an accredited herd.

### Canadian Image

One of the Outstanding Bulls of Any Beef Breed. He sold for \$20,000. Lots 32, 33, 34, 35 in this sale are bred to the sire of this Great Bull.

# STANDARD GUARANTEE

A—Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

B—All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

C—With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling with six months after date of sale shall be promptly reported to the seller.

D—When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

E—All animals cataloged have been tested for T.B. and are clean, and have also passed a test of Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

F—Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam as well as service date.
